

Workshop on Degree Level Physics Project

The Department of Physics, B. Borooah College organized a one day workshop on degree level Physics Projects on the 11th of June, 2016. The workshop was attended by faculty members of Physics from different Colleges of Assam. Faculty members from Handique Girls College, Goalpara College, Bajali College, Birjhora Mahavidyalaya, Pandu College, Rangia College, Pragjyotish College, Dakhin Kamrup College, Pub-Kamrup College, Guwahati College attended the workshop to make it a grand success. On this occasion, the Principal of B. Borooah College, Dr. Satyendra Nath Barman inaugurated the first volume of the annual online open access journal *“Bulletin of Physics Projects”* published by the Department of Physics, B. Borooah College. Eminent Physicist of the region and retired Professor of Gauhati University, Prof. Barindra Kumar Sarma was the chief guest for the occasion and delivered an intriguing lecture on the importance of physics projects in the present day world for development of thinking and experimental skill of physics students. Dr. Ranjit Barman, Director of the Science and Technology Division, ASTEC also graced the workshop with his presence and delivered a talk on Intellectual Property Rights. The technical session was supervised by Dr. Utpal Sarma, Associate Professor, Department of USIC, Gauhati University and Dr. Bimal Kr. Sarma, Assistant Professor, Department of Physics, Gauhati University. The technical session was an interactive one where different ideas on physics projects at degree level were discussed among the resource person and the participating faculties.
